**RCW 82.04.090 was amended during the 2001 session to allow persons operating grain warehouses to report using the cash or accrual method, whether or not their regular books of account are maintained on the same basis. This change should be incorporated when the rule is next amended.**

**3. Additional information:** Identify any additional issues (other than those noted above or in the previous review) that should be addressed or incorporated into the rule. Note here if you believe the rule can be rewritten and reorganized in a more clear and concise manner.

**The next time this rule or Rule 197 (When tax liability arises) is amended, consideration should be given to consolidating the two rules. As an excise tax issue, accounting methods are only relevant to questions of timing. The discussion would be clearer if the two rules were integrated.**
